

Jonathan Wheway

9 Lancaster Road, Bristol, BS29UP, 07841193615, Jonwhewaycode@outlook.com

I am friendly and cheerful, with a strong sense of commitment and attention to detail in life. I always strive to progress, both on a personal level and within the workplace. In order to stay ahead of fast moving changes in product engineering and technology I am well practiced at adapting, learning and refining new skills quickly. I pride myself on being articulate and being able to communicate with people at all levels and am able to work well as part of a team or on my own initiative.

Key Skills

- Diagnosis and fault finding of sound electronics, audio equipment and coin-operated machinery.
- Fast learner

Interests

I am a naturally inquisitive person who takes an interest in how the world works. I enjoy working with and developing computer systems and programming. At home I enjoy both creating and building my own electronic systems for a variety of communications and music devices.
